RACKSPACE DISASTER RECOVERY

Highly-customizable, fully-managed and secure disaster recovery solutions for enterprise-grade IT resiliency.

Rackspace Disaster Recovery (DR) solutions offer the replication and load balancing required to keep your production environment available at all times. Our DR solutions are highly customizable and backed by 24x7x365 **Fanatical Support®,** so you can forget about management and focus on your business priorities.

WHY RACKSPACE FOR DISASTER RECOVERY?

Rackspace DR solutions are comprehensive, covering the breadth of your enterprise DR needs — from basic data and databases to applications and virtual machines.

KEY BENEFITS

We design and build DR solutions according to your unique data needs, offering:

Customization: We build the solution according to your business continuity needs. With RPO, RTO, secondary site location, failover and failback options, we choose the best solutions to meet your unique requirements.

Cutting-Edge Security: Maintain the security of your data with our state-of-the-art encryption.

Tiering: Leverage our solutions for optimizing cost — whether it's active-active, active-passive or just backup for your lower-criticality needs.

Enterprise-Ready Technology: We leverage VMware®, Microsoft® and native device replication capabilities to deliver industry-leading capabilities.

EXPERTISE

We have a long history of managing and protecting data for organizations around the world:

- LEADING ECOMMERCE CLOUD PROVIDER Leading cloud provider for the world's top 1,000 websites, per Internet Retailer
- TOP-TIER PARTNERSHIPS Only cloud provider in the top tier of partners for AWS, Microsoft and VMware
- OPENSTACK® CO-FOUNDER, WITH NASA

SERVICE

We deliver Fanatical Support for the world's leading clouds — it's the specialized expertise and 24x7x365, results-obsessed customer service that's been a part of our DNA since 1999. Rackspace Disaster Recovery is delivered globally by highly qualified and certified engineers with over 200+ EMC, NetApp and Commvault certifications and the expertise to provision, configure, administer and maintain your environment.
