

# Work Anywhere, Powered by Microsoft

All-in-one, scalable and secure productivity suite for your ready-to-go remote workplace strategy.

In volatile and uncertain times, businesses need reliable productivity technology. In a span of weeks, most companies have shifted to remote workplace solutions. More enterprises are racing to provide their employees with collaboration and productivity apps than they ever have before.

However, security and scalability are major concerns in this transition. Mission-critical workloads and sensitive enterprise data can't be left to chance. You need robust computing resources in the cloud matched by award-winning customer support.

Work Anywhere Solutions, brought to you by Rackspace and Microsoft®, provide an easy and quick transition into industry-leading Microsoft 365 tools, combined with the security of the Microsoft Azure® Cloud and world-class Fanatical Experience™ from Rackspace.

## Experts Dedicated to Your Success

As one of the few Azure Expert MSPs, Rackspace has deep expertise and years of experience designing, deploying and managing Microsoft 365 and Azure infrastructure solutions. The Microsoft-certified experts at Rackspace are available 24x7x365 to run and optimize your remote work solutions so that you can focus on what's important – your business.

## Key Benefits

- Up and running remotely in as little as a week
- Integrated, scalable and secure remote work solution
- Expert support and advice from Microsoft specialists

## Key Features

**Windows® Virtual Desktop + Azure Infrastructure:** A virtual desktop environment built on industry-leading cloud technologies, powered by Azure infrastructure and available in the cloud from anywhere.

**Microsoft 365 with Microsoft Teams®:** Combine the de facto standard for office productivity and collaboration, Microsoft 365, with enhanced security and Windows 10. Microsoft Teams keeps workers connected by enabling real-time chat, voice and video.

**Rackspace Azure Managed Services:** Rackspace has deep expertise in all things Azure, providing architecture guidance, rapid deployment, ongoing management and monitoring of your Azure infrastructure.

**Rackspace Application Services:** Years of experience with Microsoft 365 and Azure Identity means you are in good hands with Rackspace. Services include strategic guidance and planning, implementation of complex configurations and day-to-day troubleshooting.

## About Rackspace

Rackspace is your trusted partner across cloud, applications, security, data and infrastructure.

- A leader in the 2020 Gartner Magic Quadrant for Public Cloud Infrastructure Professional and Managed Services, Worldwide
- 3,000+ cloud experts
- Hosting provider for more than half of the Fortune 100
- 20+ years of hosting experience
- Customers in 150+ countries
- Five-time Microsoft Partner of the Year
- 50,000+ customers across Microsoft technologies and 470,000+ O365 licenses
- 1,500+ Microsoft certifications, worldwide

## Fanatical Experience™

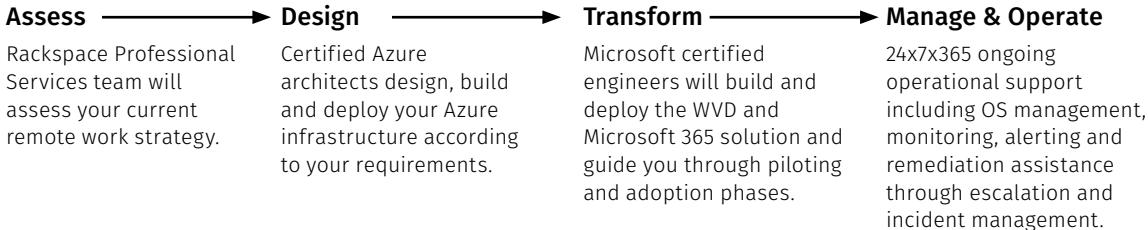

Experts on your side, doing what it takes to get the job done right. From first consultation to daily operations, Rackspace combines the power of always-on service with best-in-class tools and automation to deliver technology when and how you need it.

## Secure, Scalable, Comprehensive and Ready to Deploy

Microsoft Windows Virtual Desktops (WVD) on the Azure Cloud, layered with the power of Microsoft 365, provide the entire spectrum of IT capabilities needed to seamlessly and rapidly transition businesses to a work-anywhere model, even if you don't have an immediate work-from-home strategy in place. You can access all the productivity tools that you need without the additional cost burden of acquiring hardware and other upfront IT costs for employees. Work Anywhere from Microsoft also comes with the added advantage of Microsoft Teams for real-time chat, voice and video collaboration.

## Work Anywhere Design Solution Process

Rackspace partners with you every step of the way in your remote work strategy, from assessment through deployment to ongoing management.

### Take the Next Step

Let's talk about how Rackspace can help you re-envision your work-anywhere cloud solution.
