

## PRODUCT OVERVIEW

# MICROSOFT OFFICE 365 ADD-ON SOLUTIONS

*Extend the flexibility, security and compliance of Office 365.*

We offer a variety of add-on services for your Office 365 solution to help address your compliance and regulatory needs and security concerns.

## RACKSPACE EMAIL ARCHIVING

Our cloud-based email archiving service gives you advanced email retention, protection, search capabilities and additional features that exceed the native offerings of Microsoft® Office 365.™

- Secure storage: retain and retrieve critical data for compliance and governance
- Superior search: search millions of records in seconds with no limitations or timeouts
- Added value: leverage added security, availability and flexibility
- \$3 per Mailbox

## MICROSOFT AZURE™ RIGHTS MANAGEMENT

Control which messages can be forwarded or printed with Information Rights Management (IRM) capabilities, and add security to your email with Office 365 Message Encryption.

- **Information Rights Management (IRM)** – Help protect data across different workloads such as SharePoint®, Exchange, and Office documents by easily applying Information Rights Management to setup policy-based permissions rules
- **Office 365 Message Encryption** – Deliver confidential business communications with enhanced security, allowing users to send and receive encrypted email as easily as regular email directly from their desktops
- \$3 per Mailbox

## WITH IRM AND MESSAGE ENCRYPTION FOR OFFICE 365 YOU GET:

- Data loss prevention – restriction of PII data (ex. SSN, driver's license)
- Restricting who can read an email or who it can be sent to
- Restricting forwarding, copying, printing, attaching of email
- Help protect the confidential information by encrypting an entire email thread without requiring any service subscription for recipients.
- Safely share files in email or Microsoft OneDrive, no matter which mail service the recipient uses.

## OFFICE 365 EXTRA FILE STORAGE AT RACKSPACE

Stop worrying about outgrowing the default storage limits in SharePoint® Online. Add extra storage to SharePoint Online sites in any Office 365 plan.

- Added capacity for SharePoint Online, beyond default 10GB per tenant and 500MB per end user allocations
- Add unlimited additional storage
- \$.20 per Gigabyte
